## Pointsettia

Made using Studio 180 Design's Tucker Trimmer® I, Split Rects ${ }^{\ominus}$, \& Rapid Fire ${ }^{\circ}$ Lemoyne Star, tools

BlockBusters 2018: \#29
Difficulty: * * * *

All the instruction you need to make the units required for this block came with your Rapid Fire ${ }^{\otimes}$ Lemoyne Star tool, and Split Rects ${ }^{\circ}$ tools. There's a chart, step-by-step graphics, and directions. Use the chart on the second page here to find the information you need for the finished size of the units you want to make, follow it through to find what you need to cut to make those units. Then work your way through the instructions.

The combination of Lemoyne Star quadrants with traditional units give you blocks that look very unique. You will want to pay attention when making your Lemoyne Quadrants. You will work your way through the Lemoyne star instructions with your chosen fabrics to step 14, where you sew your pairs of star points together. Once you sew your pairs together you will trim the Lemoyne star quadrants using the Tucker Trimmer ${ }^{\bullet}$ I to the size designated in the above chart.

The block is constructed using a partial seam, so you will need to pay attention as you sew your block together. Once you have made your units, lay them out following the line drawing so that you get the orientation correct. Stitch the units' together so that you have four quadrants. The partial seam is done by taking section 1 and flipping it right sides together on top of the center square unit, aligning the raw edges of the center and section 1 . Stitch half to $2 / 3$ of the way down your center square, then back tack a few stitches. Press the seam away from the center square. Take section 2 and align it with the long straight edge. Stitch along the whole length and press away from the center square. Repeat for the next two sections. To finish your partial seam, align section 1 with the now straight edge and complete your line of stitching.

## Unit Summary

Cutting Chart

| Unit | \# of <br> units <br> required | 7" Block | 14" Block | 21" Block |
| :---: | :---: | :---: | :---: | :---: |
| A: Quarter Lemoyne | 4 | Strip sizes for a $4^{\prime \prime}$ finished block | Strip sizes for a 8 finished block | Strip sizes for a 12 " finished block |
| Lemoyne Quadrant Trim size |  | $21 / 2 "$ trim size | 41/2" trim size | $61 / 2 "$ trim size |
| B: Split Rects unit Type \#1 | 4 | 1"x 2" finished size $11 / 2 \times 21 / 2 "$ trim size | $2 " \times 4$ " finished size $21 / 2^{\prime \prime} \times 4 \frac{1}{2}$ " trim size | 3 "x 6 " finished size $31 / 2 \times 61 / 2$ "trim size |
| C: Split Rects Type \#2 | 4 | $1 " \times 2$ " finished size $11 / 2 \times 22^{1 / 2 "}$ trim size | $2 " x 4$ " finished size $2^{1 / 2} 2^{\prime \prime} \times 4^{1 / 2}$ " trim size | $3 " x 6^{\prime \prime}$ finished size $31 / 2 \times 61 / 2 "$ trim size |
| D: Rectangle | 4 | $11 / 2 \mathrm{x} \times 31 / 2 \mathrm{l}$ cut size | $21 / 2$ " $6^{1 / 2}{ }^{\prime \prime}$ cut size | $31 / 2 \mathrm{x} \times 9^{1 / 2}{ }^{\prime \prime}$ cut size |
| E: Squares | 5 | $11 / 2$ " square cut size | 211/2" square cut size | $31 / 2$ " square cut size |

## Block Assembly
