Made using Studio 180 Design's Tucker Trimmer® I
Tool and Shaded Four Patch Technique Sheet

BlockBusters 2024 #94

Difficulty: ★★★★★

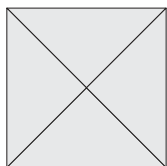

Everything you need to know to make the units required for this block can be found in the instructions that came with the **Tucker Trimmer® I** tool and the Shaded Four Patch technique sheet. There are charts, step-by-step graphics, and directions. Use the charts to find the information you need for the finished size of the units you want to make, and follow it through to find what you need to cut to make those units. Then work your way through the instructions.

You will make 3 color Hourglass units for the block, to do this you will pair a background square with one square of each color to work through the hourglass process. From 4 squares you will get 4 units. Consider pressing the seams open, as it will help reduce the bulk when sewing the Hourglass units together.

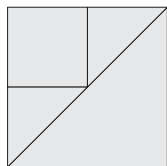

Pay attention when making your Shaded Four Patch units, as the fabric placement is a bit different than the traditional unit. This block can look completely different just by changing your color placement, so have fun with your fabrics.
