BlockBusters

X Marks the Spot

Made using Studio 180 Design's Square Squared®
and Tucker Trimmer® I tools and Little Houses
Technique Sheet

BlockBusters 2025 #102

Difficulty: ★★☆☆☆

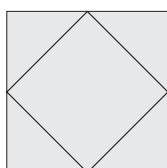

Everything you need to know to make the units required for this block can be found in the instructions that came with the **Square Squared®** and **Tucker Trimmer® I** tools and the Little Houses technique sheet. There are charts, step-by-step graphics, and directions. Use the chart to find the information you need for the finished size units you want to make, follow it through to find what you need to cut to make those units. Then work your way through the instructions.

To help maintain the points in this block, we recommend pinning between the Little Houses units and the Square Squared unit, as well as between the Little Houses units and the half square triangles. Color placement and unit orientation are what give the chain effect, so be sure to pay close attention to the position of the half square triangles as you assemble your block.

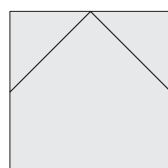

This is a simple block with lots of possibilities, so have fun experimenting. We can't wait to see your finished block!

Unit Summary

Unit A

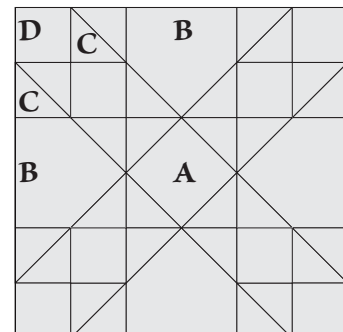

Unit B

Unit C

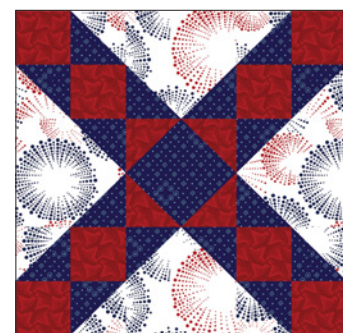

Unit D

Cutting Chart

Unit	# of units required	6" Block	9" Block	12" Block
A: Square Squared	1	2" finished size 2½" trim size	3" finished size 3½" trim size	4" finished size 4½" trim size
