BlockBusters

Echoing Plait

Made using Studio 180 Design's Tucker Trimmer® I
and Corner Pop® tools, and Non Mirror Combo
Units technique sheet

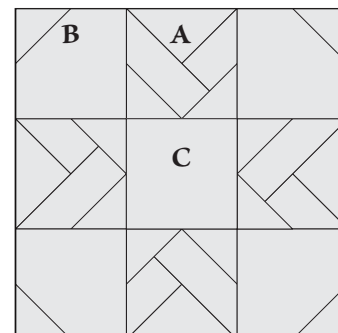

BlockBusters 2026 #115

Difficulty: ★★★★★

Everything you need to know to make the units required for this block can be found in the instructions that came with the Tucker Trimmer® I and Corner Pop® tools and the Non Mirror Combo Units technique sheet. There are charts, step-by-step graphics, and directions. Use the chart to find the information you need for the finished size units you want to make, follow it through to find what you need to cut to make those units. Then work your way through the instructions.

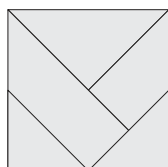

This complex looking block is actually made up of just two units, corner popped Combo Units and corner popped squares. Start this block by constructing and trimming 4 non mirror Combo Units following the instructions on the technique sheet. Pay attention to color placement. Determine the corners to be corner popped by orienting the units according to the diagram and marking the two corners that touch the center square. Use the Corner Pop® tool to cut away and replace the two corners. Be sure to only pop one corner at a time.

For the popped corner square, use the cut square size in the chart for the base shape and pop just one corner. Try experimenting with color placement to really make the braided look of the Combo Units stand out.

Unit Summary

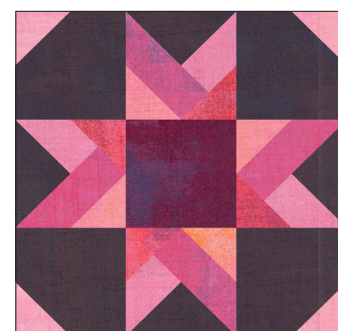

Unit A

Unit B

Unit C

Cutting Chart

Unit	# of units required	6" Block	9" Block	12" Block
A: Popped Combination Unit	4	2" finished size 2½" trim size	3" finished size 3½" trim size	4" finished size 4½" trim size
